THEREFORE, IT IS MUTUALLY AGREED THAT:

DEFINITIONS

As used throughout this Agreement, the following terms shall have the meanings set forth below:

performance of the service(s) described herein. These records shall be subject to inspection, review or audit by personnel of both parties, other personnel duly authorized by either party, the Office of the State Auditor, and federal officials so authorized by law. Each party will utilize reasonable security procedures and protections to assure that records and documents provided by the other party are not erroneously disclosed to third parties.

CONFIDENTIALITY

The use or disclosure by any party of any information concerning the other party for any purpose not directly connected with the administration of responsibilities, with respect to services provided under this Agreement, is prohibited except as otherwise required by law or by prior written consent of the other party. Each party shall maintain as confidential all information concerning study findings and recommendations, as well as the business of the other party, its financial affairs, and relations with its clientele and its employees, and any other information, which may be specifically classified as Confidential Information. To the extent consistent with Washington State law, each party shall maintain all information, which the other party specifies in writing as Confidential Information. Each party shall have an appropriate Agreement with its employees and subcontractors to this effect.

SAFEGUARDING OF CONFIDENTIAL INFORMATION

Each Party shall not use or disclose Confidential Information in any manner that would constitute a violation of federal law or applicable provisions of Washington State law. Each Party agrees to comply with all federal and state laws and regulations, as currently enacted or revised, regarding data security and electronic data interchange of Confidential Information.

Each party shall protect Confidential Information collected, used, or acquired in connection with this Agreement, against unauthorized use, disclosure, modification or loss. Each party shall ensure their directors, officers; employees, subcontractors or agents use it solely for the purposes of accomplishing the services set forth in this Agreement. Each party and their Subcontractors agree not to release, divulge, publish, transfer, sell or otherwise make it known to unauthorized persons without the express written consent of the other party or as otherwise authorized by law. Each party agrees to implement physical, electronic, and managerial policies, procedures, and safeguards to prevent unauthorized access, use, or disclosure. "USER" shall make the Personal Information available to amend as directed by DOL and incorporate any amendments into all the copies maintained by "USER" or their Subcontractors.

USER shall notify the DOL immediately of becoming aware of any unauthorized access, use or disclosure. Any breach of this clause may result in termination of the Agreement, suspension of on-line access accounts and the demand for return of all confidential information.

Data shall include, but not be limited to, reports, documents, pamphlets, advertisements, books magazines, surveys, studies, computer programs, films, tapes, and/or sound reproductions. Ownership includes the right to copyright, patent, register, and the ability to transfer these rights.

SECURITY OF DATA

The confidentiality classification of the data determines the handling requirements for this data while it is in motion and at rest. The required protective measures are:

A recent independent security review of DOL's infrastructure recommended that all remote access to DOL's sensitive information be secured with strong authentication and encrypted communications. Given the security experts' recommendation and the sensitivity of the data provided from the DAPS system, DOL believes a strong authentication mechanism is required to positively identify the user of the system irrespective of the network used to access the application. Both digital certificates and SecureAccess WA are considered to have this strong authentication mechanism.

Each party shall take due care to protect the shared data from unauthorized physical and electronic access, as described in this Agreement, to ensure the parties are in compliance with all appropriate ISB security standards.

INDEPENDENT CAPACITY

The employees or agents of each party who are engaged in the performance of this Agreement shall continue to be employees or agents of that party and shall not be considered for any purpose to be employees or agents of the other party.

SUBCONTRACTING

With prior written consent, either party may enter into subcontracts for any of the work or services contemplated under this Agreement. Consent shall not be unreasonably withheld. This clause does not include contracts of employment between a party and personnel assigned to work under this Agreement. Each party is responsible for ensuring that all terms, conditions, assurances and certifications set forth in this Agreement are carried forward to any subcontracts.

AGREEMENT ALTERATIONS AND AMENDMENTS

This Agreement may be amended by mutual Agreement of the parties. Such amendments shall not be binding unless they are in writing and signed by personnel authorized to bind each of the parties.

TERMINATION FOR CONVENIENCE

Either party may terminate this Agreement upon 30 days' prior written notification to the other party. If this Agreement is so terminated, the parties shall be liable only for performance rendered or costs incurred in accordance with the terms of this Agreement prior to the effective date of termination.

TERMINATION FOR CAUSE

If for any cause, either party does not fulfill in a timely and proper manner its obligations under this Agreement, or if either party violates any of these terms and conditions, the aggrieved party will give the other party written notice of such failure or violation. The responsible party will be given the opportunity to correct the violation or failure within 15 working days. If failure or violation is not corrected, this Agreement may be terminated immediately by written notice of the aggrieved party to the other.

TERMINATION OF ACCESS

Each party may at its discretion disqualify an individual authorized by the other party from gaining access to data pursuant to *Driver and Plate Search Application and Employee List*, Attachment C, which is attached hereto and incorporated by reference. Notice of termination of access will be by written notice and become effective upon receipt by the other party. Termination of access of one individual by either party does not affect other individuals authorized under this Agreement.

DISPUTES

In the event that a dispute arises under this Agreement, a Dispute Board shall determine it in the following manner: Each party to this Agreement shall appoint one member to the Dispute Board. The members so appointed shall jointly appoint an additional member to the Dispute Board. The Dispute Board shall review the facts, Agreement terms and applicable statutes and rules and make a determination of the dispute. The determination of the Dispute Board shall be final and binding on the parties hereto. As an alternative to this process, either of the parties may request intervention by the Governor, as provided by RCW 43.17.330, in which event the Governor's process will control.

RIGHTS OF INSPECTION
